

Career Building Opportunity

IS IT YOU ???

Looking to gain some new experience? Perhaps expand your K - base?*

Woodside GC is looking for a dynamic individual to join our team for our **30th Anniversary** season and beyond.

COURSE INFO

Built in 1989 and like most courses we have tee boxes, fairways, rough, bunkers, scattered trees, greens (awesome) and little frustrating holes with flags in them. Oh but wait, I almost forgot about the 9 pools (sorry reserved for ducks and golf balls only) and the surrounding homes give you that 'on TV feeling' of spectators. Some say it just tightens up the grip for tee shots. Extras that offer the stick swingers out there something a little different; How about surfing the earth on a Golf Board? Perhaps a "PIMP" cart suits you better. Boards and pimps not your thing, well come on out with your 4 legged pal on our dog friendly days.

Think that some of the above sounds exciting? Good, because that's what we are all about. Creating great experiences for Members and Guests while operating a solid business platform in our golf, turf and F&B departments. Your Golf Operation learning opportunity will be what you make of it.

We're hunting for a motivated, service driven, team player who can bring something new to the table. All the while, striving for growth personally and professionally through gained experience. A positive personality is a MUST as smiles are always free at Woodside.

League - Junior Program - Scheduling - Club Fitting & Repair experience are strong assets.
