## **Overview**

Lynx Ridge Golf Club is seeking a Teaching Professional for the 2018 golf season. Lynx Ridge is located in the NW part of Calgary. Our driving range is a beautiful 27 stall, continuous tee line of artificial turf and is one of the best range mats around. The hired professional will be teaching the majority of the lessons throughout the season, making this a great opportunity for someone who is driven, enthusiastic and organized.

With the largest community in Calgary located next door to Lynx Ridge, it makes for an extremely busy driving range. We are semi-private so the public is welcome to use our range and our golf course. The public golfers are a huge part of the salary a Teaching Professional will make.

In the 2017 season it was impossible to keep up to teaching all the lessons that golfers wanted, we rung through over \$45,000 worth of golf lessons and there were some students that we had to turn down as we did not have the staff or the time to accommodate everyone. Having a full time Teaching Pro is definitely necessary here at Lynx Ridge.

Lynx Ridge has a 2 bay teaching shelter that has great hitting turf as well as a small turf putting green and chipping area. The shelter was renovated in 2017. Our Teaching shelter can also be used to teach golf in the off season as we do have a supply of winter range balls. If the successful applicant wanted to, he or she could turn this in to a year round teaching academy. Additional practice facilities include a small putting green near the first tee and a large putting/ chipping green near the 9th green equipped with a sand trap and plenty of room for chipping and pitching.

Lynx Ridge has created a very strong following in a various amount of clinics and junior camps. We have already started registration for junior camps and half day camps and we are also receiving a lot of inquiries about our VERY popular ladies clinics.

The hired Teaching Pro can create any other clinics or camps that he or she would like.

## **Expectations of the Teaching Pro:**

- Be present/ teaching a minimum of 40 to 50 hours a week. The more time spent at Lynx Ridge the more money the Teaching Pro will make.
- Provide top notch customer service to our members and public
- Run our very popular and very busy junior camps, member clinics and ladies clinics
- Grow our lesson base through individual lessons, clinics and camps
- Monthly reconciliation and invoicing of lessons
- Work with our Ladies League liaison to help grow our public ladies league. Help create a program that helps our public ladies better understand the game, the etiquette, the rules and to help them get better
- Must be very organized as planning and scheduling many clinics, many individual lessons and your personal time can be very challenging
- Must donate a couple hours of your time on June 5th which is "National Women's Golf Day".

Each Golf Pro will donate their time giving free tips and a free clinic
