

Teaching Professional

Oasis Greens Golf Centre is a magnificent golf facility located in South Calgary complete with 65 spacious tee stations, 40 of those are sheltered c/w lighting and overhead heated which means we can be open regardless of weather. The actual tee line is massive being approx. 700' in length and 26-1/2 ' wide enabling easy flow of customer traffic and areas where the instructors can pull their students aside and demonstrate proper swing techniques.

The Oasis Greens is seeking a Teaching Professional for the 2023 golf season. Our driving range has premier quality artificial tee mats and we use a superior range ball. The Teaching Professional will be teaching the majority of the lessons inclusive of private, group, Junior Golf, etc. throughout the season on a scheduled basis ensuring peak periods are covered.

It is a great opportunity for someone who is committed, enthusiastic and organized and wants to fully experience the joys of providing quality golf instruction and witnessing the results.

With three of the largest and fastest growing communities in Calgary (Belmont, Legacy and Seton) located next door to Oasis Greens Golf Centre and other residential developments underway, it makes for a extremely busy driving range.

We also have the largest "Championship" Miniature Golf Course in Western Canada serving families, social groups, corporate team building, tournaments, etc. which has developed its own following and has become a big destination point for many, many mini golf enthusiasts.

Expectations:

Professionalism complemented by commitment, honesty and a strong desire to teach and build a book of business. Excellent interpersonal skills are a pre-requisite.

Compensation and Perks:

Commission Based
