Jeremy Maher

Head Professional - Valley Ridge GC

I have been a PGA of Canada Member since 2001, dating back to my days living in my hometown of Montreal. I have worked in all areas of the industry from the age of 16. I have worked on the retail side as an employee of adidas/TaylorMade for over 5 years before moving out west. I have been at Valley Ridge GC going on season 9, and going into my 5th season as Head Professional. I have worked at private and semi-private golf clubs and have a great understanding of all sides of the industry. As a father of two year old twins, my time the last few seasons has been limited but as they get older I feel it is my duty to help make this Association the best it can be and would love to try and help in anyway I can. The Board of Directors has been great during my time here and I would like to see if I can help.

Jason Stanier

Executive Professional - Inglewood G&CC

I am the General Manager/Executive Professional at Inglewood Golf & Curling Club and have been in this role for 7 years. Previous to that, I was the Head Golf Professional for 7 years. I have been a Class 'A' member of the PGA of Canada since 2000 and have been involved in the golf business since the mid-90's. I just completed my 1st term as a member of the PGA of Alberta Board of Directors. During that time, I've been the Co- Chair of the Tournament Committee. Over the last couple years the committee has made great strides providing a strong tournament schedule to our members and in 2018 we were able to increase participation and increase purse amounts. I would like the opportunity to continue to represent the members and help contribute to providing a competitive and fun tournament schedule for our members. Thank you for your consideration.
