

LIAM MUCKLOW

FOUNDER
THE GOLF LAB

TOPIC

Lessons Learned From PGA Tour Players

In this presentation I asked some of the players I have worked with over the years, what are their routines they go through tournament week to play their best? They also shared information on the biggest mistakes they see from playing partners in Pro-Ams. This fun presentation consists of contributions from Kramer Hickok, Adam Svensson, Andrew Putnam, and Graeme McDowell.

BIO

Liam is a two time National Award Winner with the PGA of Canada. He is one of the Instructors for TPI's Power Coach certification course, and has certified over 1000 professionals from 17 different countries under The Golf Lab umbrella. He is a 3 time presenter at the World Scientific Congress of Golf and the World Golf Fitness Summit. Liam also sits on the Advisory Boards of multiple golf technology companies and currently is the Director of Education for Foresight Sports. More recently he was named as one of the Top Young Teachers in America for 2018-19 and in 2021 was named the #3 Ranked Teacher in Louisiana.
