

TESTIMONIALS

"Here at River Bend G&RA, we have tried to offer new and exciting features to our events. We have used the HIO program for events the last 2 years. We have found the added excitement of the potential big prizes has got our players talking about our events. The registration is very easy and the rates are excellent. We at River Bend would highly recommend the program for all facilities looking to add excitement to their events"

Phil McCluskey, Head Professional at River Bend G&RA

"I've been using the PGA of Alberta Hole in One Program for a few years now for weekly Men's Nights & Member or Corporate Tournaments. The process is very easy to set up online, the pricing is competitive and it allows you to add an additional revenue stream to any event. To be able to support the Association and other Professionals through an initiative like this, is an absolute bonus! I would encourage anyone interested to check it out"

Samuel Hart, Head Professional at Bearspaw GC

"Miskanaw has been actively involved in the PGA of Alberta HIO program since 2018, hosting 20+ HIO events. The program is easy to use and with a few clicks on the PGA of Alberta website any tournament can add a cool feature to their event. Since adding the HIO program to our tournament package, we have added an additional revenue source and most importantly taken away the stress of organizers having to source out their own insurance. We have had success with the program and would recommend to other PGA of Alberta facilities"

Jason Vaughan, Executive Professional at Miskanaw GC

"I have used the PGA of Alberta Hole in One Program since its inception many years ago for well over 100 events each year. It is very simple to register a hole in one, literally taking less than 2 minutes of your time. The pricing is very reasonable and gives you the opportunity to make some decent profit when selling hole in ones for very little time on your part. If you are hosting events at your club, if you are not already using the PGA of Alberta Hole in One program, I strongly suggest you take a look at it for the upcoming season. It will not only be easy and profitable but you will also be supporting our Association and helping cover the costs of all of the programs offered to you and your fellow Professionals through the PGA of Alberta!"

Murray McCourt, Executive Professional at The Ranch G&CC

"The Hole in One program offered by the PGA of Alberta is fantastic! With our busy schedules, the online registration system is easy to use and very efficient. I believe all members should be using this great service!"

Kyle Boyd, Head Professional at Edmonton Petroleum G&CC
