IN PURSUIT OF THE ENDLESS SUMMER

KAILANI SPORTS is an innovative Canadian brand, manufacturing premium products consisting of coolers, drinkware, standup paddle boards and accessories. With additional sporting goods product lines in various stages of development.

Our mission is to build lasting, high-quality, value-oriented products that enhance your experience when spending your time outdoors.

We are an organization that believes in bringing the highest quality products to the consumer, all while delivering exceptional value and customer service to our Retail Partners, Consumers and Brand Ambassadors.

KAILANI COOLERS

We are proud to offer the best value for premium insulated coolers on the market. A combination of insulation performance, freezer-quality sealing gasket, durability and rotomolded construction positions KAILANI coolers as an industry leader.

In addition to our line of hard coolers, we are excited to introduce our more portable, lighter, full line of soft coolers at unprecedented value and performance.

ANTI-BACTERIAL DOUBLE-WALL STAINLESS STEEL NON-SWEATING CHEMICAL-FREE

KAILANI DRINKWARE

Introducing high-quality, vacuum insulated, double-wall stainless steel and dishwasher-safe drinkware line. Whether you're on the go, working from your home, office, or chilling around a campfire, you can count on KAILANI drinkware to keep your coffee hotter, longer, and ice in your drinks until the last sip. Designed in two popular sizes that utilize the same custom One-Lid™ — so you never have to dig through drawers to find the “one that fits”.

1 WAILEA INSULATOR
This 18/8 stainless steel, double-wall, vacuum sealed, 4-in-1 can and bottle drink insulator has been designed to keep your favorite beer, pop, hard seltzer and energy drink ice cold until the last sip.

2 CONVERSION LID (COMING SOON)
Transform your WAILEA insulator into a 12oz (355ml) tumbler with our leak-proof lid.

SURE-GRIP HANDLE™
For additional comfort and added grip, we have designed a unique handle that fits both sizes of KAILANI tumblers. To install the handle simply slide it on from the bottom until it fits snug.

ONE-LID™
Made from highly durable BPA-FREE Tritan™ material, featuring custom slider. One size - fits both.

GRIP-TEK™
Ergonomic channels combined with a unique powder-coated treatment result in added comfort and better grip.

MOKU | Volume: 24oz (710ml)

OMOLE | Volume: 18oz (532ml)

KAILANI iSUP

KAILANI inflatable standup paddle boards are constructed from 3LF™ – Triple Layer Fusion laminated military grade PVC. Compared to other single and double-layer boards that are available on the market, this construction allows us to create a board that is both, lighter in weight and also provides added impact protection, and helps to reduce flex, thus increasing its rigidity. KAILANI iSUP have been designed to incorporate our KS16 PAKEKE cooler bucket, that easily incorporates using a tie-down system. Additional features include dual cargo areas, safety handles, nose and tail grab handles, additional D-Ring mounting points. The package comes complete with board, triple-action pump, fiberglass 3-piece paddle and premium carrying backpack.

MAKAI 10'6" | Volume: 350L | Color: Teal/Lime

MAKAI 10'6" | Volume: 350L | Color: Blue/Red

- 1 **Ultra-Reinforced Dropstitch**
With increased yarn density, resulting in high-tensile rigid core that can hold pressure of +20psi.
- 2 **Airtight Fusion Coating**
Fused to the Dropstitch core during a raw material production process.
- 3 **Monocoque Laminate Fusion**
Laminating technology that significantly reduces board weight, and increases rigidity.
- 4 **Heat Welded Seam**
Laminated high-pressure, heat welded seam creates a perfect airtight and waterproof seal.
- 5 **Top Layer Rail Tape**
Creates final seal, which provides a quadruple layer of reinforcement along the rail.
- 6 **EVA Deckpad**
Provides added traction and increased comfort. The Deckpad features a formed kick-pad in the back to assist with control in choppy water.
